

Renzulli Learning Profiler Instructions – Student Self-Registration

Welcome to Renzulli Learning! We would like to invite you to complete your very own Renzulli Profile! The Profile is used to identify student interests, learning and expression styles. The Renzulli Profiler has helped millions of students to develop advanced learning skills by leveraging their strengths and interests.

The Renzulli Profiler takes approximately 15-20 minutes to complete.

- To complete your Profile, please go to renzullilearning.com
- In the upper right of the web page you will find the Renzulli Learning Login.
 - Click Add New User
 - Select Student from the drop-down menu
 - Enter the Student Access code provided by your Teacher
 - Fill in the form with your information and click "Submit."

- You will be taken to the License Agreement page. This will occur the first time each user accesses the system.

- Click the: Accept option.

The Profiler Page will render. The Renzulli Profiler Screen will appear and you will be able to complete your profile. Answer each question thoughtfully to ensure the data is accurate. At the conclusion of the assessment, your Profile will be available.

The screenshot shows the 'My Interest Areas' assessment page. It features a table with various interest categories and five response options: Really Like, Like, Not sure, Dislike, and Really Dislike. The 'Arts (Drawing, Painting, Sculpture)' category has a blue dot in the 'Really Like' column.

	Really Like	Like	Not sure	Dislike	Really Dislike
Arts (Drawing, Painting, Sculpture)	●				
Athletics/Sports		●			
Business/Management	●				
Computers/Technology		●			
Drama		●			
Foreign Languages			●		
Helping in the Community			●		
History				●	
Mathematics		●			
Music	●				

The screenshot shows the 'My Profile' page for a student named Jackie. It includes a 'Printable Copy' button and a 'Continue' button. The profile text is summarized as follows:

- Top 3 Interest Areas:** Jackie is a first grade student who has special interests and abilities in school. She described her grades as above average in math, above average in science, above average in reading, and above average in social studies. She seems to have several areas of interest. Her primary interest appears to be in technology, as she seems to like activities that involve technology and computers, multimedia equipment, and communication.
- Top 3 Learning Styles:** Jackie's second area of interest appears to be in reading, as she seems to like reading novels, stories, poetry, and other types of literature. Jackie's third area of interest appears to be in business. She seems to show an interest in organizing or starting a business or assuming a leadership role in working with people, such as stage managing the play or becoming editor of the yearbook.
- Top 3 Product Styles:** Jackie also has specific preferred instructional styles. Learning or instructional styles are the ways students like to learn and the strategies parents and teachers use to help them learn. Jackie has very clearly defined learning preferences. Her preferred instructional style is through technology that helps her to learn by using various interactive multi-media devices and internet content. Her second choice of learning style is discussions that happen when two or more students talk with their teacher or in small groups about issues and topics by discussing facts and opinions and discussing them. Jackie also enjoys learning games that enable her to learn content by playing games or participating in activities with cards, board games, or even electronic games. These activities can be completed individually, in small groups of students, or in a whole class of students.

At the bottom, there is a 'Continue' button.

Click on the My Profile icon to access your Profile.
Your Renzulli Profile can be also be printed from this area.
